SUMMARY OF QUALIFICATIONS

I am a Professional Back-end and Front-end developer who have 10+ years of experience. I have already finished many projects and so from those, I have got rich experience and strong skills of Back-end and Front-end development.

I have got 8+ years experience of Back-end development such as Ruby on Rails, Django, Laravel, Symfony, Express, CI and 5+ years experience of Front-end development such as Vue, Angular, React, etc.

The 8+ years career of Back-end developer have also made me got much experience of DBMS such as MySql, PostgreSql, MongoDB, etc.

Developing some large website development, I had experienced ElasticSearch, Varnish, Redis, Memcache for improving website performance.

I used to handle Booking, E-Commerce, CRM, EMS sites.

My skills are as follows.
- Back-end : Django, Ruby on Rails, Express, Laravel, CodeIgniter
- Front-end : Angular, React, Vue, Ext, HTML, CSS/LESS/SCSS, jQuery, Bootstrap
- DBMS : MySql, PostgreSql, MongoDB, Redis, Sqlite3
- SCM : Git, Svn, BitBucket, GitHub
- Hosting Server : AWS, Heroku
- Operating System : Mac OS, Ubuntu, Windows
- Time Zone : No Limitation

As a team player with long period career, I used to keep deadline and deliver quality

codes.
